

**Housing, Energy Supply and Carbon Reduction in Scotland:  
Smart, local and renewable models for energy supply and demand**

**Wednesday 22 September 2010  
King James Thistle Hotel, Edinburgh**

**Conference Programme**

- 09:00- 09:50**                    **Registration**
- 09:45-09:50**                    **Chair : Allan Lundmark, Homes for Scotland**  
*Chair's opening remarks*
- 09:50-10:15**                    **Jonathan Fair, Chief Executive, Homes for Scotlan**  
*Improving energy performance in housing – how far have we come, where are we going?*
- 10:15-10:25**                    **Question and Answer Session**
- 10:25-10:40**                    **Refreshments**
- Session One: Supply or demand led innovation to achieve 15% renewable technology?**
- 10:40- 11.00**                    **Speaker TBC**  
*'Measuring and managing energy performance & emissions'*
- 11:00-11:20**                    **Liz Farrell, Land & Sustainability Manager, MacTaggart & Mickel**  
  
*Delivering sustainable homes – case study and learning*
- 11:20- 11:40**                    **Lori McElroy, Sust Prog Director, Architecture & Design Scotland (confirmed)**  
*The practical challenges in delivering the targets*
- 11:40- 12:00**                    **Question and Answer Session**
- 12:00-13:00**                    **Lunch**

**13:45-13:50**            **Chair**  
*Chair's welcome back*

**13:00- 13:30**            **Ministerial Address : Alex Neil MSP, Minister for Housing & Communities**  
*Delivering Scotland's Housing Energy Targets*

**Session Two: Technical challenges, local energy supply and smart grids**

**13:30-13:50**            **Richard Bellingham, Senior Research Fellow at Fraser of Allander Institute and Programme Director for Sustainable Glasgow**  
*'Glasgow Case Study - Achieving City Wide Carbon Planning and Carbon Reduction'*

**13:50-14:10**            **Jon Slowe, Director, Delta Energy & Environment**  
*'The value and viability of smart energy networks'*

**14:10-14:30**            **Jim MacKinnon, Chief Planner, Scottish Government**  
*Scottish Sustainable Communities Initiative*

**14:30-14:50**            **Ian Williams, Chairman, Campbell Dallas LLP**  
*'Economy of scale solutions to localised energy generation – a common power source for every community?'*

**14:50-15:10**            **Question and Answer Session**

**15:10-15:30**            **Refreshments**

**15:30-15:50**            **Douglas Coleman, Project Director Property Division, Forth Ports**  
*'Localised renewable power generation – deliverable now'*

**15:50-16:10**            **Dave Anderson, Director of City Development, City of Edinburgh Council**  
*'Can councils revisit their 19<sup>th</sup> century role in local utility development?'*

**16:10- 16:30**            **Question and Answer Session**

**16:30**                    **Chair's Closing Remarks**
