#### Purpose of the lobbying

To discuss Children 1st's manifesto asks relating to Barnahus and family support, and to update the Special Adviser on key aspects of our work and progress on House for Healing.

Specifically, we were keen to ensure the SNP manifesto includes specific commitment to ensuring all children and young people in Scotland have access to a Barnahus. We also spoke about the importance of working to address the strategy gap around family support and for significant, immediate investment in supporting families.
